

## *Training focus:* **Team Building (and fostering teamwork)**

### Idea in Brief:

This training is aimed at people whose work involves working in effective groups. It is tailored to help people cope with the most frequent challenges in teamwork and teaches building the most efficient and well-functioning team, communication between team members and working out intra-group differences, and the role of a team leader.

The goals of the training are achieved through a variety of activities such as role play with real-life scenarios, group exercises and seminars. Our training is based on experiential learning, made applicable to everyday situations.

### Participants will be able to:

- identify skills that will make them a valuable and effective team member
- understand the role of a leader and his/her importance and influence on other team members
- identify potential differences within a team and how to make them a benefit
- understand their role and responsibilities in their team
- learn and practice techniques for effective communication within a team.

### We will...

- help you be more self-aware and confident in the group setting
- teach you how to be an effective leader of an efficient team
- teach you how to be proactive towards issues within a group and solve them
- provide you with tools to effectively manage a diverse group of people.
